ISSUE:

Truck Convoy/Blockade of Port of Entry (POE) at Coutts, Alberta.

BACKGROUND:

Information from RCMP, CBSA and United States Customs and Border Protection (USCBP) report a convoy and blockade at the Port of Coutts on Sunday, January 30, continuing from January 29, 2022. The Port of Coutts operates 24 hours, and is the largest POE in Alberta. Hundreds of commercial and personal vehicles travel through this major thoroughfare on any given day.

There are border crossings located at Coutts, Del Bonita, and Carway, Alberta. Coutts is the only 24-hour crossing.

The Coutts POE is positioned on Highway 4 on the Canadian side, and I-15 on the USA side. Coutts is in the Milk River detachment area, Del Bonita is in the Raymond detachment area, and Carway is in the Cardston detachment area.

Current Status as of 1400hrs on 2022-02-11:

Highway 4 remained completely blocked at the Port of Entry (POE) at the Coutts location.

The Government of Alberta is considering an injunction, but no decisions have been finalized. with the Border access to Coutts blocked, traffic remains stopped by police at the CP10 and CP14 location near Milk River, Alberta to keep traffic from surging south to Coutts.

Mood remains stabilized, and CCMG remains engaged with the identified leadership group to keep situation stabilized as anticipated surge of protesters will flood the CP10 and CP14 area over the weekend.

At the main site in Coutts currently 27 semi-trucks, 1 personal vehicle, and 2 farm tractors are lining the northbound side of the highway 4 and 17 semi-trucks, and 2 personal vehicles block the southbound lane.

At the Saloon which encompasses the area closest to the southern most point of the blockade near Coutts, 3 semi-trucks, 16 farm tractors, 22 personal vehicles and 13 RV's are parked.

At check point 10, which is set up 18km north of the main site on highway 4 there are 29 commercial vehicles, 59 RV's, approximately 160 passenger vehicles, and 9 farm tractors.

Sheriff resources continue to be engaged to ensure checkpoints north of the Carway and Del Bonita POE's are active while the ports are open (both close at 2100). A Bronze Commander has been established to monitor any potential attempts to shift any form of protest to those locations. with the Coutts POE blocked, Del Bonita has seen a 917% increase in cross border traffic. Yesterday CBSA processed 163 commercial vehicles and 173 passenger vehicles headed to the USA, while US CBP processed 272 commercial trucks and 79 passenger vehicles headed to Canada.

The need for heavy equipment to clear the highway of vehicles still exists and will be critical for any enforcement action.

Investigative team has secured some light duty tow strategies (standard tow truck for personal vehicle), and have one heavy duty tow truck owned by the City of Edmonton on stand by due to tactical considerations.

As previously reported, given it is only one tow truck, investigators are still working on potential strategies that would support that asset.

The identified an area that would allow for a legal protest, which would enhance police and public safety. This area is owned by the Ministry of Transportation and has been outfitted by a community group with free Wi-Fi to make it a more attractive option to shift the crowd away from the roadway. Attempts to relocate the protest group off Highway 4 have continue to be unsuccessful thus far. CCMG will continue efforts today.

STRATEGIC COMMUNICATIONS:

Media releases continue to be disseminated when required.

Social media messaging from RCMP accounts continues to be used heavily in the print media.

Social media is being monitored, comments have turned negative towards law enforcement throughout the day.
